

G.R CARR PTY LTD **ENVIRONMENTAL POLICY**

G.R Carr Pty Ltd places a high priority on protecting the environment. All employees and contractors are responsible for taking appropriate precautions to ensure that any environmental impacts are minimized.

- * Do not interfere with sediment fences or erosion control devices.
- * As far as practicable, restrict excessively noisy activities to 7am – 5.30pm.
- * Immediately report the discovery of any potential cultural heritage sites to the site safety advisor.

Job Site Rules:

- * Drive only on roads and tracks provided.
- * Ensure that all substances potentially hazardous to the environment are correctly disposed of.
- * Use Drip trays to contain residual oils and chemicals.
- * Use correct containers to store chemicals.
- * Ensure that all plant and equipment is correctly maintained so that it does not leak.
- * Place waste in appropriate bins provided around site.
- * Do not interfere with native flora and fauna.
- * Report any environmental incident immediately to your supervisor (eg diesel leak, failure of sediment fence).

Approved by Peter Carr,
Director G.R Carr Pty Ltd 2010.
